Objective

Passionate and results-driven Software Developer with a year of hands-on experience in crafting high-performance web applications. Proficient in a diverse tech stack, including Angular, NestJS, TypeScript, Java, Node.js, and SQL. Committed to creating innovative and fully functional software solutions that adhere to coding standards and technical design requirements..

Experience

Full Stack Developer Compumatrice Multimedia Pvt Ltd, Pune   Dec 2022 – Present

- Collaborated on the development of 4 client and server-side web applications using Angular, NestJS, NodeJS, and Java, resulting in a 10% improvement in performance and functionality.

- Streamlined technology systems, consolidating legacy platforms and reducing costs by 15%.

- Designed and executed a high-impact proof of concept (POC) in 2-3 months, integrating Twilio, NestJS, Angular, and Dialogflow, with a projected 2x cost savings annually.

- Developed and delivered 15+ software applications, microservices, usecases, and POCs, with a focus on meticulous documentation of the development process.

- Created comprehensive QA documentation, optimizing testing processes, and reducing testing time by 20-30%.

Communication Application Project

- Collaborated with executive leadership to analyze and streamline technology systems, ensuring compliance with coding standards and technical design.

- Developed web applications with Angular, demonstrating proficiency in Angular components, services, directives, and experience with Angular routing.

- Hands-on practice with Angular, Express JS, and NodeJS app development, including experience with REST APIs, routing, and authentication.

- Designing, developing, and integrating REST APIs using NestJS.

- Integrated technologies including Socket.io, JWT authentication, and Twilio.

Tennis Wizard, Patientconnect360, Healthyculture

- Improved project performance and user experience.

- Resolved and optimized 15+ instances, including database enhancements and front-end improvements.

- Engineered 5+ use cases resulting in service optimization and reduction in errors.

CRHC

- Acquired knowledge of EMR and EHR systems.

- Gained expertise in the patient merge process and carefully documented the entire process.

Skills

Front-end Development: Angular, Socket.io, Angular Material, Drupal
Back-end Development: NestJS, Node.js, Servlets, JSP, Spring, Spring Boot, J2EE
Cloud Computing: Cloud Servers, AWS (Amazon Web Services), XAMPP
Programming Languages: TypeScript, JavaScript, SCSS, HTML, CSS, Java
Other Skills: MySQL, Twilio, JWT authentication, RDBMS (Relational Database Management Systems), DialogFlow, Postman, Lighthouse, Jira, HeidiSQL, GIT, Hibernate

Certifications

- Java Full-Stack Development Training
  QSpiders, Wakad, Pune

- Core Java and Advance Java Certifications
  JavabyKiran Institute, Pune

- Accenture Programs
  Accenture Nordic Developer Program
  Accenture Virtual Coding Experience

Education

- Bachelor of Engineering in Computer Engineering – 2022
  Matoshri College of Engineering and Research Centre, Nashik
  Focus on data structures and algorithms, software development, and coding practices. Expertise in information systems management and computer hardware engineering.

- Higher Secondary Education – 2018
  K.T.H.M College, Nashik
  Science curriculum including physics, chemistry, mathematics, and computer science. Developed teamwork and creativity through practical exercises.

Strengths

- Work Ethic: Honesty and a positive mindset.

- Adaptability: Learns quickly and adept at adapting to new technologies.

- Responsibility: Diligent and responsible worker.

Personal Details

- Address: Siddhivinayak Residency, Mahadev Colony, Wakad, Pune 411033.

- Languages Known: Marathi (Native), Hindi, English.

Declaration

I affirm that all information provided is accurate to the best of my knowledge.
